SELF DRIVE OPTIONS:

KOSI MOUTH

A stunning beach with fantastic snorkelling in the estuary mouth. You can get to this beach with a high rise 2 x 4 vehicle. There is also a look out point whereby you can see all 3 lakes, the estuary, and the sea on a clear day. Good option to escape strong north winds. Permits required, this is a 45 min drive from the lodge.

BHANGA NEK

Is a great beach for fishing because of the easy access. You can reach this beach by normal 2 x 4 car, as there is a hard packed gravel road. Good for swimming and picnicking, it is also the starting point for turtles. Very popular beach on weekends. 1.30hour drive from the lodge.

4 x 4 DRIVES:

GPS co-ordinates needed, there are NO signs and poor signal

BLACK ROCK

One of most beautiful beaches on our coastline. A rocky headland forms a point with a deep bay. Great for swimming and surfing. Good option to escape strong south winds. Black Rock Beach is a fisherman's paradise, very nice place to snorkel during low tide. Permits are restricted to 10 Vehicles per day. 1.30hour drive from the lodge.

LALA NEK:

Lala Nek is an awesome pristine beach; it is the best beach for snorkelling at low tide. There is a rocky reef that protects the bay with many rock features in the bay to explore marine life. Look out for octopus and green turtles. This is also a great beach for surf fishing. Permits required, 1.30hour drive from the lodge.
